Program Objectives

Our entire staff is committed to building self esteem and leadership skills in student athletes. A good attitude and respect for parents, coaches, and teachers will be stressed at all times. Our Disciplined Program will provide:

- ✓ Give parents support with education through athletics
- ✓ Build positive racial experiences for children and Adults
- ✓ Help children deal with anger and peer pressure
- ✓ Provide a safe and drug free environment for all players

Sponsorships are Tax Deductible

We are a 501 C3 non-profit, (NJ Charities registered), we always look for donations and sponsors.

If you would like to sponsor a player, or be a website advertiser, please call: 856-583-0535 or email jpgulla@verizon.net

Organization Funding

Our club funding comes from private/public contributions and player enrollment fees. At times parents and players will be asked to donate their time for fundraising to cover additional expenses.

Over the years, travel basketball has become costly. Our local school districts and universities now struggle with expenses and are forced to charge large fees to use their facilities. We have tried to keep our program affordable for everyone. All players must be supported or sponsored to be on a team.

This year the club will consist of multiple age divisions of both boys and girls.

We will begin our Season in Jan /Feb with travel team tryouts, each age division will have 2 tryout nights approximately 1 1/2 hours each. Our travel teams play in highly competitive tournaments and carry only 9-12 players. Playing time is not guaranteed, and attendance at practices is mandatory. If you make a team, we highly recommend that you do not play another sport.
